SETTING READY FOR CONFERENCE-A PAREWELL SERMON.

The Work of One Church-Ravy-Yard Rotos-Enfercing the Sunday Law in Pertamouth.

Correspondence of the Richmond Dispatch)

Nonrolle, November 15, 1886.

The Methodists of this section all closed up the Conference-year yesterday. Rev. Dr. Sledd preached a very affecting farewell sermon at Granby-Street church last night, and the building was so crowded above and below that people shood in the siles, and in the galleries sat on the siles, and in the galleries sat on the siles. Since Dr. Sledd has been stationed here Granby-Street has experienced a wonderful prosperity. The church membership has increased 100 per cent., and 860,000 has been mised for church purposes during the four years. On the suburbs three churches have been built and are supported by the congregation, and an amazing amount of Christian work has been accomplished. By next year this congregation will build a larger and more imposing edifice for their own worship in the West End.

Conference commences Wednesday in the

conference commences Wednesday in the old Methodist church on Cumberland street, and Bishop J. C. Granbery will preside. Our church-people generally have opened their doors, and homes have been provided for all who will attend. It is thought probable that Rev. Dr. Adam C. Bledsee, of Broad-Street, Richmond, will be sent to Granby-Street.

The Jury Return a Verdict of Not

Guilty. spondence of the Richmond Dispatch

Norrolk, November 15, 1886.

There was quite a throng of the friends and sympathizers of Hon. John B. Whitehead assembled in the United States Courthead assembled in the United States Courtroom this morning to hear the verdict. About midnight on Saturday night the jury agreed and sealed their verdict in an envelope and placed it in the hands of the foreman, Mr. O. O. Owens. They then left the jury-room at the custom-house, and were taken by the marshal to their quarters at the Atlantic Hotel, and remained in his custody until this morning. At 11 o'clock the marshal brought the jury into court, and the foreman handed the verdict to the clerk, who announced it to the Court, after the usual questions, as follows: "We, the clerk, who announced it to the Court, after the usual questions, as follows: "We, the jury, find the defendant not guilty as charged in the indictment." There was a loud buzz in the court-room on the an-nouncement of the acquittal, but no de-monstration, and the crowd soon left. Mr. Whitehead was warmly congratulated by his friends. is friends.

Mr. A. P. Thom, counsel for Mr. White

The Tobacco Market—Personal Notes. (Correspondence of the Richmond Dispatch.)

Lykenaura, November 15, 1886.

Tobacco, a never-ending theme of conversation and of speculation in this locality, is a very uncertain commodity at this time, and the trade therein is in something of a stagnant condition. The sales last week amounted to only 32,400 pounds against 58,800 the week preceding. The sales, as I learn from the weekly statement of the secretary of the Tobacco Association, from 1st October, 1886, to 13th November, 1885, amounted to but 250,700 pounds, showing a falling off of 1,012,200 pounds, showing a falling off of 1,012,200 pounds as compared with the corresponding period of last year, and yet they don't want even this much of the kind offering. The commission-merchants are urging their customers not to bring their tobacco to market at present, while the warehouse-men are remonstrating with depot-agents against shipping primings to them, even if brought to the depois for that purpose. The facts of the case are that by a systematic effort the last-named variety of the weed has been pretty effectually driven out of this market. The future will show that it has been done as much in the interest of the planter as in that of ahipper or manufacturer. At present manufactures, shippers, warehouse-men, commission-merchants, and "pin-hookers" are somewhat in the condition of the celebrated Mr. Micawher—"waiting for something to turn up." The manufacture of cigarettes is the only branch of the tobacco industry here that seems at this time to be in a bealthy and thriving condition.

Apropos of the tobacco-storage warehouse, of which mention was made in this correspondence in Sunday's Dispatch, a meeting of subscribers to the stock was held on Saturday, at which a committee was appointed to prepare a charter for submission to the stockholders at an adjourned meeting to subscribers to the stock was held on Saturday, when it will also, in all protability, be definitely determined whether they will be more of the work of

The Funeral of General Lilley-Young Men's Christian Association. respondence of the Richmond Dispatch.

The body of General Lilley was brought to Staunton on the midnight train of Friday. His home was with his brother-in-law, Mr. James F. Templeton. The remains were viewed by many friends, who called during Saturday and the forenoon of Sunday. The funeral services were from the First Presbyterian cturch Sunday afternoon—Rev. Dr. D. K. McFarland, pasof.

or. Dr. McFariand returned to Staunton with the escort of the Synod appointed for the purpose of accompanying the remains. The large church was filled to overflowing. the purpose of accompanying the romain. The large church was filled to overflowing, and the vast assemblage well represented the affectionate esteem in which the deceased was beid by the people with whom he was reared, and to whose interests his life was deveted. A deep sense of the mournful occasion was impressed on every countenance. Dr. McFarland remarked that he should not follow strictly the usual observances of funeral occasions because of the circumstances of the death of the deceased, who was an officer of the church and an exemplary Christian. Then, referring to the services General Lilley had rendered his country, he came to speak of him as he served the church and illustrated Christian duty. His remarks were deeply impressive and heard with profound attention.

The pall-bearers were Judge William McLaughin, Marshall Ranger, T. C. Morton, E. L. Edmundson, H. St. George Tucker, P. S. Baylor, James Bungardner, Thomas A. Bledsoe, H. M. McLibany.

charge very offensive in character. It was also inflamed, and annoyed me a great deal. About eight mouths ago I was in Atlanta, at the house of a friend, who so strongly recommended the use of Swift's Specific that I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggravate the sore, but soon the inflammation was allayed, and I began to improve after the first few bottles. My general health has greatly improved. I am stronger and am able to do any kind of work. The cancer on my face began to dework. The cancer on my face began to de-crease and the ulcer to heal until there is not a vestige of it left. Only a little scar marks the place where it had been. MRS, JOICIE A. McDONALD.

ATLANTA, GA., August 11, 1855.

I have had a cancer on my face for some years, extending from one cheekbone across the nose to the other. It has given me a great deal of pain, at times burning and itching to such an extent that it was almost unbearable. I commenced using Swifts Specific in May, 1855, and have used eight bottles. It has given the greatest relief by removing the inflammation and restoring my general health.

KNOXVILLE, 10., September 8, 1885.

KNOXVILLE, lo., September 8, 1885.

In 1863 a cancer developed on my lower lip. I went under treatment at once, and from time to time since that have had medical aid in New Orleans. Hoston, and New York with no benefit at all. It has progressed right along, and now tovolves my law and cheek. One thousand dollars would not cover the loss sustained through the medical and surgical aid I have received. I have certainly tried everything, and was benefited by nothing until I took 8, 8, 8, It has done me more good than all size put together, and believe I will soon be sound and well. Swift's Specific is certainly a great boon to humanity.
